

SUM Teach-out Policy

It is the policy of SUM to comply with all WSCUC requirements regarding teach-out whether involving closure of a program, a site or the college as a whole. Two WSCUC documents are hereby incorporated into this policy: 1) Teach-Out Plans and Agreements Policy; and 2) Teach-Out Plans and Agreements Guide.

Program Closure:

SUM will provide opportunity for students admitted into any program to either finish their program (Teach-Out) or transfer into an equivalent program based upon the decision of the student. If Students choose to transfer into a different program a clear and written plan indicating all units achieved and required to complete the new program will be provided by the registrar.

Site or College Closure:

In the event of the closure of a site or the college as a whole a written and approved plan will be created as a part of the closure procedures that complies with the above listed WSCUC documents including any updates or revisions.
